

Preston Pig

- Introduce character
 - then tell abbreviated version of "Boo!!" using acetates
- Notice how even "the fearless masked avenger" was scared!
 - and how his fear changed what he did!!

Fear

- What kinds of things are we afraid of?
 - **people**: bullies, bosses, people who are successful, intimidating
 - **pain**: illness, accidents, doctors, dentists...
 - **new things**: having to go to a new place, meeting new people
-

David & Goliath

- Retell the story, using the 6 images to try and sort out order of events:
 - get someone to come up and choose a picture **blind**
 - try and place that in the developing story
 - how big was Goliath? - **get out measuring tape!**
- **Most amazing thing about this story is that David didn't run away!**
 - number of reasons for that;
 - **David knew that God had helped him in the past** - wild animals and his father's sheep...
 - **David knew that God was bigger and stronger than Goliath** - he was God, not a mere human...
 - **David knew that God was with him now** - not just in the past, not just helping other people, but helping him!
- David was more interested in serving God than in anything else:
 - and God supplied all the courage he needed to face some very, very scary!
- **God supplies us with all the strength and courage we need**
 - especially when we are trying to do what he wants us to!
